## Equipment

The Northern Ontario Film Studios is a one stop shop for all film equipment needed for your production. Minutes away, you can feel confident that you will get what you need without the burden of shipping it from Toronto. With our in house partners at William F. White, our inventory includes a complete array of film and television lighting (including HMI & Tungsten, SourceMaker Balloon Lighting), grip equipment and an extensive fleet of crystal sync generators (from 3kW to Twin Pack 200kW tractor mounted units). We also carry a wide range of remote heads and cranes, camera cars and related specialty, state-of-the-art production equipment and expendables able to accomodate any size production in Northern Ontario.

## Building Materials

With an array of set construction pieces, NOFS is stocked with enough hardware to create nearly anything within the space. Our assortment of flats, doors, desks and flooring are the building blocks for creating a wide variety of sets. With access to locally available building materials and supplies to fill the gaps, everything you need to build your set is right here in the Studio.

## Production Service Vehicles

THE NORTHERN ONTARIO FILM STUDIOS has invested in a fleet of vehicles to meet the needs of unit shoots in Northern Ontario. Housed on site, the Sudbury fleet has the workings of a complete mobile unit – Hair/ Makeup and Wardrobe trailers, camera trucks and trailers, mobile offices, and rest trailers for both cast and crew. As a production films in multiple locations, they need the accessibility of bringing the entire production wherever they go. These mobile support units are state of the art and specifically designed to support the production on set.

Northern Ontario. Yours to DISCOVER!

Come to where adventure is a way of life and nature's spectacles are just part of the scenery. Capture the beauty of pristine wilderness routes and ancient forests. Gaze out upon the rugged, windswept landscapes of Georgian Bay. Follow the rugged shore of Lake Superior - the world's largest freshwater lake. Venture into the world's largest game preserve to film magnificent wildlife like moose and caribou roaming freely. Behold the splendor as summer slips into fiery autumn and then, into a northern wonderland of ice and snow where the warmth of Northern hospitality will comfort you. For more ways to find adventure, enjoyment and relaxation, get ready to FILM in the "real" great outdoors, NORTHERN ONTARIO.

## Seasonal Diversity

Northern Ontario's four seasons of changing landscapes and colors to inspire the poet, painter and filmmaker inside. This unique vista gives our clients a diverse choice in look, feel and style to incorporate in each production.

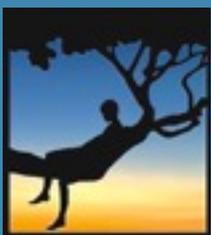

## Location Diversity

Filming in Northern Ontario provides access to a huge variety of unique rural landscapes with all the benefits and location options of an urban centre.

With locations ranging from century-old historic buildings, to modern suburban neighbourhoods, to the industrial pride of the world's mining hub, the region can accommodate any type of film production.

The various communities in the North are home to film friendly universities, colleges and hospitals, airport hangers, prisons, mining facilities and more.

The residential neighbourhoods available can represent a range of time periods, even featuring upscale waterfront property and much more.
